COMMUNITY
NEW START

SUPPLY DRIVE!

If you are looking for an easy way to introduce your children or your church group to service and charitable giving, Community New Start can use your help! Smart Start, a program that serves over 140 elementary age children at Pickle and Brown elementary schools each year, is a free, Bible-based after-school program in the St. John neighborhood. This program depends on our generous supporters to provide the supplies we use to teach the children about Jesus. We use Sunday school type curriculum to introduce the Bible and also provide recreation and homework assistance time every day.

To learn more about how your group can help CNS by providing the supplies we need for the next school year, or to simply learn more about our program, please contact Carrie Cothran-Williams at 371-9393 or info@communitynewstart.org.
